Stun Guns

Stun guns use high voltage and low amperage to temporarily disable an attacker for several minutes. The stun gun does not rely on pain for results. The energy stored in the gun is dumped into the attacker's muscles causing them to do a great deal of work rapidly. This rapid work cycle instantly depletes the attacker's blood sugar by converting it to lactic acid. In short, he is unable to produce energy for his muscles, and

his body is unable to function properly. The stun gun also interrupts the tiny neurological impulses that control and direct voluntary muscle movement. When the attacker's Neurological and Muscular system is overwhelmed and controlled by the stun gun, he loses his balance. Should the attacker be touching you, the current will *not* pass to your body!

VOICE ALERT SYSTEM-6 is a new annunciator system featuring wireless PIR (Passive Infrared motion detector) sensors, transmitters and a remote receiver/speaker base unit. Users record their own alert messages and are then notified with their own voice message when activity in a monitored zone is detected.

When this PIR detects movement the Base Unit could play back "Someone's on the patio" and trigger a floodlight using one of the four "C" relays included on the Base Unit. Zone 3 could be used by the entrance to the backyard pool. When triggered, this Zone plays back "Kids are by the pool." Zone 4 might be used to detect movement in your prized garden. You could record "Is there a deer in the garden?" to be played when the sensor for this zone is triggered near your garden. System-6 can monitor all four zones simultaneously and still have two additional zones available (along with their own custom messages), if required. The **DOOR GUARD ALARM** is a very versatile vibration alarm. Ideal for home, office or travel. This alarm requires no installation, simply hang it on any doorknob and it instantly detects any vibration. When the alarm is tripped, it will emit a 98 dB alarm for 20-30 seconds, then will reset in 3-5 seconds. The sensitivity of the alarm is easily adjusted with a screwdriver.

The Door Guard can also be used as a flashlight. The Door Guard is ideal for keeping you and your loved ones safe from harm whether in your home or while you travel. Not sure about that shady looking hotel, but can't beat the price? Now you can feel confident and safe. Uses 2 AAA batteries (not included).

The **ENTRY ALARM with RF REMOTE CONTROL** is an effective door or window alarm that can be activated from the remote control. The three different radio frequencies allow you to arm and disarm multiple units in your house with one click of the remote. Alternatively, you can tune the channel of the remote to operate different sets of units within your house.

Just install the main unit and the magnetic bar on the frame of the door or window, using the powerful adhesive tape. When the door or window is opened the alarm will emit an intense 110 dB siren. Main unit uses 3 AA batteries (not included). Remote uses 3 LR44 batteries (included).

The door brace is composed of a high strength steel tube: 20-gauge steel for greater strength and is portable (collapses to 31 inches to fit in most suitcases and garment bags.)

FRANK CUCCI - Spent 12 years as a Navy SEAL (including four years in SEAL Team Six), the most elite division in the SEALs - the guys who always get the juiciest and toughest assignments.

UNARMED COMBAT COURSE - You'll learn skills specifically designed for situations where top soldiers suddenly found themselves without a gun or even a pocket knife - possibly wounded - surprised by ambush - out-numbered - and with the violence around them reaching the point of life and death! Minimal athletic ability is required, and each move must have a High Consistency of Success.

DVD-CUCCI • \$69.00 1 Hr. 55 Min.

VLADIMIR VASILIEV - A former Russian soldier in the elite Spetsnaz secret service of the Russian Army (so well-trained in every aspect of combat that even the dreaded KGB were terrified of them). When Vladimir escaped to Canada from Russia, everybody wanted him - including the U.S. military, eager to learn his combat secrets - and the U.S. military still doesn't have these amazing fighting secrets! You cannot find a qualified teacher of these vicious hand-to-hand fighting secrets *anywhere* in the United States.

This stuff is hands-down the best-kept secret among insiders in the world of serious combat.

RUSSIAN FIGHTING SYSTEM - This unique and almost lost art is the only hand-to-hand fighting system taught to the feared and deadly Russian Spetsnaz soldiers! **DVD-RUSSIA • \$97.00** Run Time: 4 Hrs.

CHRIS CLUGSTON - As a bouncer, kick-boxer, shoot boxer and experienced street fighter, Christopher Clugston knows how stupid it is to master any martial art style that has "rules". The real world of street fighting has no rules!

COMBAT JKD - Chris is very aggressive in his teaching methods. He demonstrates running attacks and how to deal effectively with multiple attackers. These techniques are quick and easy to learn and don't necessarily require a partner to practice and master them. This is the most honestly brutal, BAM-BAM-and-you're-done kind of fighting you could ever imagine ... and the best part is, it's especially easy for "non-fighting" types of people to master quickly!

DVD-SECRET • \$97.00 3 Hrs. 45 Min.

JACOV BRESSLER Jacov began his training at age 16 with an Argentinean master instructor who is a direct disciple of legendary Okinawa Karate master Gogen Yamaguchi's Son. That style - Goju Ryu Karate - is still one of the most "hard core" martial art styles in the world today.

FAST AND FURIOUS - There are two DVD's in this set. First, Jacov reveals his most important "single lesson to street level fighting mastery" material. This is the "speed-learning" shortcut hand-to-hand tactics he teaches cops and soldiers who don't have time for practice. Second, he does the *best* job of teaching civilians

RANDALL BROWN - When Randall Brown discovered his heritage (he's Cherokee/Apache/Irish) he began a journey that took him all over the U.S. and Canada, to reservations, small towns, and finally to the Great Plains, to learn everything he could.

INDIAN FIGHTING SKILLS - There's not an ounce of "Asian Martial Arts" to this system. This is nothing but pure, distilled, untouched "Plains Indian" fighting techniques. Astonishing hand to hand "instant take out" moves that you've never seen before, but it's what Plains Indian braves used everyday to survive in the brutal reality of their daily lives.

DVD-INDFIG • \$97.00 Run Time: 2 Hrs. 15 Min.

BOB TAYLOR - Was born a little man with a smart mouth and a bad attitude. So he had to learn how to fight - and win. Perhaps the best self educated street fighter around. He developed his unique style of dirty fighting during his 40 years of formal training. He's worked as a private eye, a personal armed bodyguard to superstar rock groups (like Aerosmith, the Who and Led Zeppelin), and a canine handler for 11 separate jurisdictions

SMALL MAN'S ADVANTAGE - In the most sizzling display of raw fighting savvy you'll ever witness, little man Taylor *proves* you can quickly learn, and just as quickly use, his personal Bag O' Nasty Tricks to completely obliterate someone twice your size. In fact, these vicious tricks work best when you're outweighed, outsized and out-muscled by your opponent!

DVD-SMALL • \$69.00 Run Time: 1 Hr. 46 Min.

DELTA SEAL CAMP - This is a series of elite combat courses that were hosted by actual Navy SEAL and real U.S. Army DELTA veteran trainers. DELTA SEAL CAMP - For 4 incredibly intense days, shared everything they knew about close-quarters weapons and unarmed combat. We brought together former Navy SEALs and DELTA Force soldiers to teach their spec-op level armed and unarmed skills to a small group of ordinary civilians for 4 intense days, word quickly got back to Washington - and the whole thing sent shockwaves throughout the entire Defense bureaucracy! These camps were the most complete training in elite level military hand-to-hand and firearm expertise ever offered to anyone outside the Special Forces.

DVD-CAMP • \$177.00 7 Hrs.

about improvised weapons. (This is a SPECIAL ART, and one that Jacov perfected long ago, during the days where he *had* to fashion weapons out of thin air to survive.)

Last, Jacov insisted on providing an extra lesson showing you how to use these simple new skills in *real* situations. It was expensive, setting up these real-life scenarios. But oh my God, it was worth it. Just watching these lessons will give you access to stunning new (and very simple) fighting skills that will make you almost *invulnerable* in any real-world fight. Best part: You can learn it super-fast.

DVD-FASTFURIOUS • \$69.00 3 Hrs. 27 Min.

BEN COOLEY A professional SWAT Team Trainer and a key member of an elite Federal Tactics Team that protects sensitive government installations. He has over 14 years of intense hands on experience in hostage rescue and SWAT operations. He's also a Two Time Soldier of Fortune Three-Gun Champion He's won 7 separate State and Regional Gun Championships - a two-time Championship Team Leader at the USPSA National Championship.

FIGHTING MINDSET - In case you didn't know, home invasions are the most deadly and most horrible of all attacks. It's the surprise that can defeat you if you don't know how to deal with it. Bennie gives you special skills that not only prepares you to respond to a surprise attack - but you'll know how to take control over the situation in the blink of an eye!

DVD-MINDSET • \$97.00 4 Hrs. 30 Min.

NIR MAMAN (pronounced Near) is a former Israeli special forces commando and top hand-to-hand combat instructor. His long-range reconnaissance unit (the feared Sayeret Golani) roamed deep into enemy territory, fighting, capturing and eliminating terrorists and insurgents. Usually, there were only 4 men in his unit. Alone, without back-up, miles from safety - and with less than one-fourth the training U.S. Spec Op soldiers receive - these men faced constant, unrelenting and vicious counter-guerilla combat. These men did not have the luxury of long training. Israel has a limited population, and the men who join the Special Forces must get up to speed *faster* than any other soldier in the world.

ISRAELI CONNECTION - This is a *huge* 4-disc package -- the first 2 life-changing videos are on hand-to-hand fighting, including moves no one outside the Israeli Spec Op world has ever seen before! The third video is a stunning ground fighting video and the fourth is an incredible knife and gun disarming lesson.

DVD-ISRADV • \$129.00 3 Hrs. 30 Min.

PAUL VUNAK Without a doubt one of the most respected and dangerous men in the world at hand-to-hand combat. He specializes in teaching Navy SEALs, FBI, and CIA and a dozen police department SWAT teams how to be the most deadly and efficient soldiers on the planet. GREGG WOOLDRIDGE is one of the nicest guys you'll ever meet, but he's also known as one of the baddest cats walking the planet. He was a street cop for 11 years before joining the most famous executive protection group in the world. He protected not just top executives of big companies, but also musicians and performance stars from all parts of the entertainment world. Remember the gangsta rapper Biggie Smalls? Well Gregg quit in disgust when his warnings of sloppy security around the star went unheeded. Less than 24 hours later, Smalls was murdered by rival gang members. It all pissed Gregg off to the point that he decided to do something drastic - make his simple and highly effective fight strategies available to average civilians. Guys who will *listen* and do what it takes to protect the lives of their loved ones.

BE THE BODYGUARD - This special training is *not* hard and it's super easy to master. You'll learn how a street-savvy fighter uses the escalation of force to overwhelm larger opponents, even when you're surprised from behind. You'll also learn how street-wise fighters use psychology to scare even tough, big men how to make yourself impossible to strike. You'll be the one that is safe and be able to help while everyone else is panicking. The improvised weapons instruction is very cool and it means you will *never* be without a weapon, no matter where you are. Advanced gun disarmament too. He's had to do it. This is not theory. This is what works, and what you *need* to know.
